

COURSE REGULATION

I Time table

Week	Lab	Other Activities
1	Lab 1: Review	
2		
3		
4	Lab 2: Algorithm's Complexity	Test 1 (Possible)
5	Lab 3: Sorting	Project release
6	Lab 4: Search Data Structure	
7		Project deadline
8		Test 2 (Possible)
9	Lab 5: Graph	
10	Final exam	

II Scores & Grading

The laboratory work accounts for **30** points (about 30% of the course), including the following types of evaluation:

- **Final Lab Exam:** this exam accounts for **10** points, and it will take place in Week 10.
- **Group Project** (shown as Lab 3 on Moodle): this project accounts for **10** points.
- **Attendance Tests:** each of these tests accounts for **5** points.
- **Bonus point:** bonus point is unlimited and comes from correcting lab exercises during the in-class period: **1 - 2** points/exercise

III Regulations

- Students who missed the Group Project **OR** Final Exam **OR** any single Attendance test will receive a "0" (zero) for the entire laboratory part.
- Any scheduled absence(s) must be informed at least 24 hours before the lesson start.
- Any unscheduled absence(s) must be informed to the Lecturers or Academic Section at most 48 hours after the lesson start. Proof must be provided in this case.

IV Plagiarism & Cheating

- Any Plagiarism or Cheating action will result in a "0" (zero) for the entire course. Any person or group related to the Plagiarism or Cheating process will also result in a "0" (zero) for the entire course and will be subject to appropriate referral to the Management Board for further action.
- 80% similarity from any **part** of Exam solution / Test solution / Project or Report is considered as Cheating.
- Citing any code fragment or paragraph without reference or comment is considered Plagiarism.
- Any other self-seeking action, which is opposed to the majority, without the permission of the Lecturers, will be considered Cheating.
- For suspected cases (without clearly cheated evidence), Lecturers have the right to request students to retake any tests, exams, or projects in multiple different evaluation methods to make the final decision.
